

BUDGETING for PRINTER CARTRIDGES

A suggestion: tape a 3"x5" card (or even ½ of one - share with your neighbor!) on the side of your printer. Then each time a black or color cartridge is replaced a tick-mark can be put on the card. This way, next year, you will have a better idea about how many cartridges to plan for in your budget.

Another consideration: instead of a tick-mark, put a date. This way you could know how long each cartridge lasts.

BLACK	COLOR
9/25/2004	10/01/2004
11/6/2004	11/29/2004
1/22/2005	1/10/2005
...	3/15/2005
